GALL INTENDED TO FREE SLAYERS **DRAWN BY CONVICT**

Measure That May Cut Short Terms of Bosschieter Girl's

This law makes it possible for a prisoner SLAYERS OF GIRL ALL WELL to evade one-third of the sentence pro-

of the sentence. Mr. Gill accepted the amendment, but the Governor would not stand for it even in that shape. The Legislature passed the measure over the Governor's vate.

measure over the Governor's vato.

The new law smakes it optional with the Board of Prison Impactors to extend elemency. Many of the people of New Jersey would resent any amelioration of the sentence of the murderers of the little mill girl who was siain twelve years ago across the Passaio River from Paterson. It is a questin whether any Board of Inpectors would dare commute the sentence of those men in the face of public opinion. But the law makes it possible for the successors of the present board to do so.

Invin C. Beame, prison clerk of the New Jersey penitentiary, is quoted as saying that the rought dreaft of the new law was made in the prison by Robert K. Wardell, serving a three years' sentence for forgery. Head Keeper Osborne approved the measure Keeper Osborne approved the measure and took the draft to Mr. Gill. To-gether they went over the bill, whipping it into shape. They then had the bill drawn in legal form in the Attorney-Geographs office.

NOTHING BEHIND IT, SAYS SPONSOR OF BILL

"If there was anything behind this bill do not know it," said Mr. Gill to-day. Ir, Gill is vice-president of the Rider-tore & Stewart School.

"It was not an original proposition," continued, "having been up in anfelature. I believed in it and chamgiving a man a chance if he has ben, and it seemed to me like a kindly d good act. When Gov. Wilson vetoed it he gave as his reason that he did not

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, Imitations and "Just-us-good" are but experiments, and endanger the health of Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colle, all Teething Troubles and Diarrhon. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacca—The Mother's Friend.

Tiny Enemies that Bring Sickness and Death

The illustration at the left shows, on a greatly magnified scale, a few of your worst enemies—disease germs.

¶ The thousands of people who have died from con-sumption, typhoid, diphtheria, scarlet fever, measles, and other "catching" diseases were simply victims of

tiny organisms like these. Many of them need not have died: they need not even have suffered, had they kept their homes free from the dirt and grease in which germs live and breed.

People think their houses are clean and heathful because they make them look clean, with soap and water. But only the surface is clean, for soap is only a "top cleanser."

Real cleanliness—actual safety—can be secured by using CN, the powerful disinfectant, the perfect cleanser.

Germs cannot live where CN is used. Its touch is fatal to them. It works quickly, powerfully, effectively.

It makes every nook and corner actually clean—and germs cannot exist where there is perfect cleanliness.

Therefore, CN is a preventive of infec-tions diseases. It makes the home healthy because it keeps out the causes of sickness.

Q CN not only kills disease germs—it drives out mosquitos, flies and vermin and keeps their young from being hatched.

Flies and other insects are carriers of disease. They bring the microbes to your table and deposit them on your food.

9 Fatal accidents do not happen where CN is used. How often they do happen with carbolic acid and chlorides!

With CN you are safe from germs, safe from poisoning.

¶ CN has its place everywhere in the household. Use it in the kitchen, in the laundry, in the bathroom, in the bedroom,

¶ Always have it in the sick-room. Prevent the spread of disease by cleansing dishes, vessels, clothing—everything used by the patient, with CN.
